BATTERIES ARE DESTROYED BY OUR GUNNERS

Germans Suffer Loss By the Accurate Aim of the Americans

DIRECT HITS MADE WITH HIGH EXPLOSIVE SHELLS

Aero Photographs Aided In Destructive Fire On Enemy

(Associated Press Telegram)
With the American Army in France, Thursday, Feb. 28.—Swift retribution has fallen upon the German batteries which this week bombarded the American trenches north-west of Toul with gas shells. American heavy artillery concentrated its fire on the German Minenwerfers batteries for half an hour today and obliterated the position.

Many direct hits with high explosive shells were made by the American gunners. Timbers were thrown high in the air and explosions, probably of enemy ammunition and gas, resulted. The ground about the German batteries was churned up side down and if there were any German soldiers there, they certainly suffered death.

Thus far six men have died from the effects of the German gas shells. More than eighty are in hospitals.

Airplane photographs aided the American gunners in their destructive fire against the German batteries. The photographs taken yesterday disclosed the exact location of the Minenwerfers with the result that it did not take the gunners long to even up the score with the enemy. While the number of enemy shells falling within the American lines has decreased slightly, nevertheless the artillery fighting has been lively.

While an empty American ammunition train was halted at a place called Dead Man's Point, a stray enemy shell dropped nearby and killed two men, two horses which had run away and wounded four men.

The American artillery has kept up a constant harassing and destructive fire on many vital enemy positions such as cross roads and towns. German working parties were dispersed effectively and once the 75's fired vigorously on a number of Germans in a first line trench, quickly blowing in the entire trench system. Mist and rain have prevented free observation but the guns have the enemy targets well registered and they have been able to work effectively.

Late this afternoon the Germans attempted to retaliate for the destruction of the Minenwerfer batteries. They bombarded the American heavy artillery with their big gas guns, but their shooting had little effect.

American patrols were all over No Man's Land last night but did not encounter Germans.

The American sector is now an ocean of mud and constant work is necessary to keep the gun pits, trenches and dugouts free from water.

From information reaching the American lines it is apparent the enemy is taking advantage of the low visibility to do much work in his position. Many noises of kinds impossible to suppress and other information make this certain.

Strict orders were issued today to all ranks in the American sector of the battle front near Toul regarding gas precautions. The men were told that they must keep their masks and respirators within quick reach at all times and were warned that the slightest delay in getting them on might mean death.

A few more additional gas cases developed today among the men who many hours after the gas shells had exploded went to work in the gassed area where the fumes, like water, remained in shell holes and other depressions in the earth.

PASSENGER CARS OVERTURN ON THE MONON RAILROAD

(Associated Press Telegram)
Lafayette, Ind., March 1.—Three Pullman cars, one day coach and a baggage car of southbound Monon passenger train No. 3, Chicago and Louisville, turned over at Ash Grove, ten miles north of here early today. None of the passengers were seriously injured and the minor hurts were dressed by physicians who were from here on a relief train. A broken brakebeam is believed to have caused the wreck.

MAY CONTINUE USE OF RYE FLOUR IN BREAD

(Associated Press Telegram)
Washington, March 1.—Bakers may continue to use rye flour as a wheat flour substitute in Victory bread, until March 31, the food administration announced today in advising bakers to buy other wheat flour substitutes.
In the baking regulations issued Feb. 1, the use of rye flour as a substitute was limited to the period ending March 3. The decision to grant an extension was reached because in some sections of the country where other substitutes are not yet available rye flour can be obtained.

HELPS LEAD "BIG DRIVE ON RUSS"

General von Linsingen.

It's hard to see why it would be necessary for any of the Tenth Army leaders to look through a field periscope in their "drive" into Russia. But here is General von Linsingen, peering through one before the "capture" of Kovno in Lithuania.

MAY ADDRESS CONGRESS ON JAP PROPOSAL

(Associated Press Telegram)
Washington, March 1.—Japan's proposal for action in Siberia has crowded German Chancellor von Hertling's speech into second place in the consideration of officials here and there were indications today that decisions were being formed which soon would show themselves in some arrangement of an international character to prevent the vast stores at Vladivostok and control of the trans-Siberian railway from falling into the hands of the advancing Germans.
The expectation that President Wilson was planning to address Congress very soon in reply to von Hertling's speech was dissipated today by evidence that the president is making no such plans at this time and probably does not consider it necessary to reply to the German chancellor for the present at least. Before the president speaks there doubtless will be an interchange of views with London and Paris so that if Mr. Wilson speaks he will express the view of all the co-belligerents as on previous occasions.

JAPAN'S PROPOSED ACTION IS FAVORED BY ENGLISH PRESS

(Associated Press Telegram)
London, Mar. 1.—The Japanese proposals with regard to Siberia and the reception in Washington had brought the question of Japan's active participation in military operations to the forefront here, the developments dominating the news columns of the papers. A Reuter cablegram quoting an Associated Press dispatch from Washington is given prominence in type and position by the morning newspapers, and is commented on extensively. Some papers display contributed articles setting forth the Japanese views of the situation.
The bulk of the opinion favors Japan's proposed action without qualification and the plea is made in some quarters that she ought implicitly to be trusted and given a free hand.
If she is wise she will seek to be the deliverer of Russia and to aim at freeing Russia from the German yoke.

An article by a diplomatic correspondent in The Daily Chronicle strongly supports Japan's action. It says the logic of events is so forcible that it is difficult to conceive of the allies failing to give the requisite invitation. In regard to American participation the article says:
"America has her hands full on the western front and any attempt to divert men, munitions or tonnage from that great objective is to be condemned. Moreover any inkling of America with Japan in this vast enterprise would be resented by Japan as a mark of distrust in her ability and disinterestedness."

ADVANCE INTO THE UKRAINE TAKES PLACE

Berlin War Office Confirms German Movement Into Russia

RAILWAYS BLOWN UP AND PROVISIONS DESTROYED

German and French Embassies Have Left the Russ Capital

(Associated Press Telegram)
Berlin (via London), March 1.—German troops continuing their advance in Russia have reached the Dnieper river, the war office announces. Austro-Hungarian troops have begun an advance into Ukraine.

(Associated Press Telegram)
London, March 1.—Dispatches received by the Exchange Telegraph company filed in Petrograd at 6 p. m., Thursday, indicate that the German advance into Russia has been resumed.
A forward movement by the invaders of some 35 miles beyond Polotsk, midway between Iznik and Vitebsk, is reported in these advices. The Germans pushing on despite the fact that the railway has been blown up and the stores of provision in their way destroyed.

German troops also are reported to be moving slowly towards Luga from Pskov, at which place they are said to have concentrated a division of infantry, supposed by cavalry and heavy and light artillery.

The Germans likewise are declared to be moving on Sebezh, 80 miles northeast of Dvinsk.
The British and French embassies have left Petrograd, according to a telegram from the Russian official news agency in Petrograd, and which bears no date.

If, as indicated at Stockholm, Ambassador Francis has left Petrograd, the departure of the British and French embassies, takes from the Bolshevik capital the representatives of the three most important entente countries.

AMERICAN CONSUL HAS LEFT PETROGRAD

(Associated Press Telegram)
Stockholm, Thursday, Feb. 28.—The American consul has left Petrograd, where he remained after the embassy's departure, according to information reaching the American legation here. The consulate has been taken over by the Norwegian consul.
This report appears to indicate that the situation in Petrograd has taken an unexpected turn for the worse in view of the fact that the latest previous message from the Russian capital said that the American consul would remain there after the departure of the ambassador and his staff in order to keep in touch with the American legation here and with the state department.
News agencies, the press and diplomats here are without any but the most meager dispatches from Petrograd in the last 24 hours.

(Associated Press Telegram)
Washington, March 1.—The latest dispatch from Ambassador Francis came in today, having been sent from Petrograd on Tuesday, February 26. It said the ambassador was planning to leave with some of the other legations and go eastward.

The dispatch from Stockholm this morning referring to the departure of American consul, Tredwell said he had gone to Volodga to the eastward.
NO REFERENCE TO AMBASSADOR
(Associated Press Telegram)
Washington, March 1.—A dispatch from Stockholm to the state department today announces the departure of the American consul from Petrograd, but makes no reference to the departure of Ambassador Francis or the other diplomats.

ARRIVE ON SPECIAL TRAIN

(Associated Press Telegram)
Volodga, Russia, Thursday, Feb. 28.—The American and Japanese ambassadors arrived here today on a special train. Their trip was an uneventful one.

45 HAVE APPLIED FOR ENROLLMENT IN THE FOREIGN SERVICE

(Associated Press Telegram)
Cleveland, March 1.—Forty-five men have applied for enrollment in the Red Cross foreign transportation service since Wednesday when a recruiting office was opened at Lake Division headquarters here, according to Severance Millikin in charge of the office. Mr. Millikin wants at least one hundred applications from chauffeurs, mechanics, electricians and garage managers. Only applicants outside draft age are being considered. All must pass a physical examination and produce credential of their loyalty. Salaries ranging from \$36 to \$68 a month are paid. Equipment and transportation are furnished.

HERE THEY ARE, MOTHERS! PICK OUT YOUR BOY

American troops ready for gas attack.

Though they still have to dodge bullets, the leaden pellets aren't the main things our soldiers have to look out for nowadays. Gas is fully as deadly as the bullets, so our men are well trained to meet any clouds of noxious fumes the boche may send over the lines in France.
The national army men pictured here are going through their gas mask drill at Camp Hancock. They are taught how to don their masks quickly at the first warning of attack and be ready for the Germans advancing behind the protecting screen of gas. They are fully equipped with the gas protectors as they go through the drill that will help them in the trenches in France.

AMERICAN CONSULATE IN PETROGRAD TAKEN OVER BY NORWEGIAN CONSUL

(Compiled from A. P. Dispatches.)
Although the American, British and French embassies have left Petrograd under the menace of the German advance, the Bolshevik government is reported as intending to return to its headquarters in that city after having temporarily left the capital.
Apparently the Japanese ambassador is still in Petrograd; having postponed his departure an agency dispatch states, because of negotiations going on between him and the Russian government. Whether these reported negotiations have anything to do with the Japanese proposals for intervention in Siberia, now apparently a topic of the most earnest consideration in the entente capitals and in Washington is not evident from the meager advices received.

Meanwhile the current reports from Petrograd indicate a renewal of the German forward movement in Russia, although at a more measured pace. According to the account the Germans are reported in possession of Pskov and are reported to be slowly moving on Luga midway between Pskov and Petrograd. They are also said to be advancing in other sectors in northern Russia, notably north into the region northeast from Dvinsk, in the general direction of the Petrograd-Moscow railway.
The American consul in Petrograd who remained in the Russian capital after the departure of Ambassador Francis and his staff, also has left and the consulate has been taken over by the Norwegian consul. It is felt in Stockholm, where this report is received that the situation in Petrograd has taken an unexpected turn for the worse as the American consul was to remain there to keep in touch with the state department.
Only the most meager reports from Petrograd have been received in Stockholm and there are no late advices from London, the last dispatch received there from Petrograd had reported that the Bolshevik resistance was stiffening.

Airplanes having located the batteries whose gas shells had caused six deaths and the poisoning of 80 others, the heavy guns in the American lines destroyed the enemy position in a half hour's shelling. Material was thrown high in the air and several explosions were caused by the accuracy of the American fire. The Germans are believed to have suffered casualties during the bombardment.
A heavy barrage fire preceded the German attack on the Chemin des Dames. As the enemy advanced they were met by a hail of machine gun bullets and then came a deluge of shells.
The Germans returned hastily. Five French soldiers were wounded in the fighting, but there were no American casualties. This sector also has been subjected to German gas attacks, which, however, were not so effective as on the sector east of St. Mihiel.
On the British and French fronts there has been no charge. In Italy today patrol and artillery actions continue.

BLIND WOMAN HANGS SELF NEAR UTICA

Mrs. Frances Lyman, 70, committed suicide some time last night at the home of her step-daughter, Mrs. Homer Cooksey, three and a half miles west of Utica. She hanged herself by means of fastening a scarf to a nail in the wall of her room and was found in this condition by one of the members of the family about two o'clock this morning. Four years ago she became blind and has been despondent since that time and this is thought to be the cause of her rash act. Her husband preceded her about three years ago. Arrangements for the funeral services have not been made.
Coroner W. L. Jackson was notified and left at noon for the home, where he will make his investigations.

NEW CABINET WILL BE FORMED BY THE SPANISH PREMIER

(Associated Press Telegram)
Madrid, Thursday, Feb. 28.—The Marquis de Alhucemas notified the king tonight that he definitely accepted the offer to remain in power. The premier has appointed Count de Garai, a Catalist minister of finance, and Luis Silveira, minister of public instructions, in place of Senors Ventosa and Rhodes whose resignation brought about the collective withdrawals of the cabinet today. The other members of the cabinet retain their portfolios.
The Marquis de Alhucemas, whose cabinet resigned today, is encountering difficulties in forming a new cabinet as requested by the king. Former Premier Dato has declared that no compromise of combination cabinet can be considered. Former Premier Romanones, however, is supporting Premier de Alhucemas.

CAMP SHERMAN SELECTS SENT TO NEW CAMPS

News Released That 1,000 Were Transferred During the Past Week

NUMBER HAVE EMBARKED FOR OVERSEAS SERVICE

Largest Share of the Men Sent to Chickamauga Park

(Associated Press Telegram)
Camp Sherman, Chillicothe, Ohio, March 1.—Upwards of a thousand Ohio and Western Pennsylvania selectees have been sent to other cantonments in the past week, the news of which is just being permitted to be released. Men from practically every organization in camp were included in the movement. Many of the men selected to go were specialists in various branches and will join other units now held in concentration camps for early overseas service.

Word of the transfers was not permitted to leak out as a matter of military necessity. Selectees who were ordered transferred were not permitted to tell even their relatives of their transfer until they had arrived at their destinations. Some of the men were sent to ports of embarkation for immediate overseas service. Practically every day of the past month Chillicotheans have observed long trains of coaches leave over one railroad or another, loaded with khaki-clad youths glad to get away on the second lay of their journey to the fighting front.

Southern, eastern and western camps drew many of the men, who were requalified following calls from General Pershing in France. Hundreds were sent to Camp Grant, Rockford, Ill., to join engineer regiments, where they will be trained prior to being sent overseas. By far the largest Cincinnatians, Toledoans and selectees from Columbus to the number of nearly 200 each were among the men sent.

The transfer of the troops from this cantonment has been practically completed, however, officers say and further large detachments from the Eighty-Third division are not expected. It is stated that many of the organizations here have been cut to the bone by the transfers, being mere skeletons of their full strength, it is said. Some of the companies number as low as 20 men.

With word that hundreds of the men in the last 15 per cent. of the first draft are to be sent directly to southern cantonments instead of coming here as was originally planned; receiving officers declared today that they do not anticipate any movements of the new men to the camp. Small detachments of the new selectees are being received daily. The first to come were 225 from western Pennsylvania, 125 from Cleveland, 125 from Butler county, Pennsylvania, 16 from Jefferson Barracks, Mo., an eight from Camp Johnson, at Jacksonville, Fla. The latter were transferred here for duty with the quartermaster's corps at the base hospital. Twenty-eight volunteers from various parts of the state arrived today.

Receiving officers issued a warning to new selectees coming to the camp to get off at the Chillicothe station and not at the camp station. They say that a number of the newcomers have detained at the camp and have wandered all over the cantonment without knowing where to go. Officers have been detailed to the Chillicothe station to take charge of the new men to conduct them to their proper quarters at Camp.

Company E. of the 320th infantry was released from quarantine for scarlet fever today, while companies A and B of the 329th infantry composed of Toledo selectees were isolated following the discovery of the contagion among the men.

WOULD RETURN RAILROADS TWO YEARS AFTER THE WAR

(Associated Press Telegram)
Washington, March 1.—Legislation proposed by the administration to perfect organization control of the railroads was ready for conference today with administration leaders confident of speedy settlement of differences in the house and senate drafts of the measure.
The house bill was passed last night while the senate measure was approved a week ago. The house bill provides for the return of the roads to their owners two years after the war instead of 15 months as in senate draft, and the house vests final rate making authority in the president, while the senate would leave this power to the interstate commerce commission.
Although the conferees are expected to find their greatest difficulty in adjusting these phases of the bill an agreement in the matter of compensating the road also must be reached.

JURY SELECTED FOR THE HUPP MURDER TRIAL

Ten of Veniremen Who Will Decide Homicide's Fate Are Married

WIFE OF DEFENDANT WILL NOT BE CALLED AS WITNESS

Coroner, First Witness Called, Tells of Finding the Body

(Associated Press Telegram)
Cleveland, March 1.—The jury of twelve men that will decide the fate of Elmer Hupp, wealthy oil operator on trial here charged with second degree murder for killing Charles L. Joyce, whom he found in his home in the company of Mrs. Hupp on January 10, was empaneled at noon today. Ten of the jurymen are married, one is single and one is a widower.

Attorney for Hupp announced today that Mrs. Hupp will not be called as a witness to tell of her relations with Joyce, saying that it was at the request of Hupp that the decision was made not to call his wife to the witness stand.

The first witness called this afternoon was Coroner P. J. Byrne. Summoned by the prosecution, Byrne told of the body of Joyce being taken to the county morgue on the evening of January 10 and that in the autopsy over the body four bullets were removed.

Immediately after the jurymen were sworn in Judge Kennedy admonished them against talking with anyone about the murder, reading any newspaper articles pertaining to the crime and told them that until a verdict is returned they will not be allowed to return to their homes but must remain in the custody of the court bailiff.

DISCOVER BOMB IN FEDERAL BUILDING

(Associated Press Telegram)
Chicago, March 1.—Discovery of a bomb in the federal building has furnished a mystery on which a number of government agents are working today. The bomb was found yesterday partly hidden under some rubbish in one of the rooms occupied by lawyers in charge of the I. W. W. prosecution.
Experts of a powder company gave it as their opinion that the explosion of the bomb would have wrecked the entire wing of the federal building.

PROTEST AGAINST GERMANIZATION

(Associated Press Telegram)
Geneva, March 1.—A cry of alarm has been raised by the Tagblatt of Graz, Austria, against the Germanization of the eastern Adriatic, especially Pola and Fiume, which have become the bases for German submarines. The principal naval and military appointments are said to be held by German officers and the activities of the submarines extend from Gibraltar to Port said.

RECORD PRICE PAID FOR SEED CORN AT UTICA

L. L. Mowls, the county farm agent, attended the corn show held at Utica, Thursday. Mr. Mowls states that there were seventy-three entries, all fine specimens. More than two hundred persons attended the show during the day.

B. J. Edman captured the first and grand premiums for yellow corn. Later he sold one-half bushel of the same corn for \$12, or at the rate of \$24 per bushel, a record price for seed corn in this vicinity.

ANOTHER INCREASE OF ELECTRIC RATES SOUGHT BY COMPANY

(ASSOCIATED PRESS TELEGRAM)

Columbus, March 1.—It became known here today that the Union Gas and Electric company of Cincinnati is planning to ask the state public utilities commission for permission to increase its electric power rates in Cincinnati.

President Freeman and other officials of the company, it was learned, held an informal conference with the public utilities commissioners here yesterday and declared the company would have to have higher rates as its returns for the past year fell one half million dollars short. The electric light rates of the company were increased about a year ago.

DESERTER PASSES BOGUS CHECKS ON PARIS HOTELS

(ASSOCIATED PRESS TELEGRAM)

Paris, March 1.—The Paris police have arrested another member of the gang which has been passing fraudulent checks. The man in question, according to the European edition of the New York Herald, had joined the American ambulance. Some months ago he was taken to the American provost marshal's office because he was found on the boulevards wearing a captain's uniform.

Inquiries revealed he had been victimizing hotels with bad checks and he was handed over to the French police. The man was convicted but was released on a suspended sentence. He then enlisted in the foreign legion.

A Paris dispatch Thursday reported that Robert C. Stuart, an alleged deserter from both the British and American armies and Harry Heiss, a private of marines had been arrested in connection with passing of bad checks in Paris. The gang is said to have obtained more than 30,000 francs by passing the worthless checks.

Cambridge, March 1.—After traveling 3,000 miles to France and entering active service with the American expeditionary forces against the Germans, two local boys met for the first time since leaving home when they were assigned to beds in base hospital 31. They are Claude Beaumont and Roger Flaherty. Beaumont left this city years ago and did not even know Flaherty was in the service.

PRIVATE COMMENDED FOR MERITORIOUS CONDUCT.

(ASSOCIATED PRESS TELEGRAM)

Camp Sheridan, Montgomery, Ala. March 1.—Private Arthur E. Walters, Company B, 112th Field Signal battalion, Columbus, has been commended by Major General Treat for "meritorious conduct."

This is the first instance in which a private in the Buckeye division has been commended.

Walters risked his life to stop a runaway team which dragged Wagoner J. Katsky, Cleveland, Company A, 112th Engineers. Katsky, entangled in the reins, was dragged several hundred feet under the wagon. One ankle was broken. When Walters stopped the runaway after a struggle, the outfit was on the brink of a deep ravine.

DEALERS CHARGED WITH AN EXCESS

(ASSOCIATED PRESS TELEGRAM)

Columbus, March 1.—Charging him with having an excess of flour on hand and with deceiving the government, the federal food administration for Ohio today revoked the license of August Walter, a Cincinnati baker for one week and ordered that he turn over to the food administration for resale 619 barrels of flour he has on hand.

Walter's license will be revoked for one week beginning at midnight March 4. During the week he will not be permitted to take, sell or deliver bread or other bakery products. He was permitted to retain 113 barrels of flour, termed by the food administration "a reasonable amount for 30 days."

The Ideal Baking company of Cincinnati was ordered to turn over an excess of 444 barrels of flour to the food administration for resale. Its license was not revoked, however.

The state food administration today instructed county food committees to submit samples of Victory bread being baked in their districts in order that bakers can be checked up as to the amounts of wheat flour they are using. Bakers who are found to be using too much wheat

flour will suffer the consequences, it was stated.

Washington instructions to the state administration say: "Please discover any violations and report violators here for revocation of license." That course will be pursued in instances where violations of the food orders are found, it is expected.

In the Walter case, employees are not to suffer for the breach of rule by their employer, the administration order for a week's suspension of business providing that employees shall be paid full time wages.

Walter's offense regarding the food administration, was not only holding more flour than he was entitled to but "subterfuge" and "deceit" in his dealings with the government during investigation and disposal of his case. Threat of a permanent revocation of the license unless he follows the letter of the law was made to the Cincinnati baker.

WILL ACT ON THE DRAFT AMENDMENT

(ASSOCIATED PRESS TELEGRAM)

Washington, March 1.—The administration amendment to the draft law to bring men as they reach the age of 21 was brought up in the senate today as emergency legislation for immediate passage, but finally was put over until tomorrow.

Without discussion the senate passed another resolution authorizing the president to call into immediate military service skilled experts in industry or agriculture.

The purpose of the latter resolution has nothing to do with the much discussed conscription of labor but refers to men already registered but whose position on the classification is so far down on the list that they might not be called to military duty in the near future. The purpose is to make these men available for draft and service in the lines in which they are expert. The resolution is yet to be acted upon by the house.

The hurried consideration of the first amendment was compelled by the insistence of Senator New, of Indiana, on a consideration of his amendment for the registration for military training of all men between 19 and 30.

Acting Chairman Frellinghuysen

of the military committee, explained that Provost Marshal General Crowder was eager to have the committee amendment adopted without delay, as he wanted to include in the next draft the men affected.

Ohio Women, Prepare!

Thousands of women in Ohio have overcome their sufferings, and have been cured of woman's ills by Dr. Pierce's Favorite Prescription. This temperance medicine, though started nearly half a century ago, sells most widely to-day. It can now be had in tablet form as well as liquid, and every woman who suffers from backache, headache, nervousness, should take this "Prescription" of Dr. Pierce's. It is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. It's not a secret prescription for its ingredients are printed on wrapper. Send 10c. for trial package to Dr. V. M. Pierce, Buffalo, N. Y.

COLUMBUS, OHIO.—"I can recommend Dr. Pierce's Favorite Prescription also the 'Golden Medical Discovery' as the best medicines I've ever used for myself and in my practice as a nurse. I am the mother of four healthy children whose health I attribute to my use of Doctor Pierce's Remedies. I gladly recommend them to all suffering women."—Mrs. NELLIE BURNETTE, 82 S. Gilt Street.

CLEVELAND, OHIO.—"Doctor Pierce's Favorite Prescription helped me so much during expectancy. I was so nauseated that I couldn't eat and I became very weak and miserable. Then my sister advised me to take 'Favorite Prescription,' and the first few doses made me feel like a different woman. I was so strong and well all the time and my baby was a healthy 10½-pound boy. This medicine has been used by other members of my family and with just as splendid results. We are always enthusiastic in recommending Dr. Pierce's Favorite Prescription to expectant mothers."—Mrs. M. McFADDEN, 3272 E. 93rd Street.

LETTER DIRECT FROM TRENCHES SHOWS BRITONS AWAITING GERMAN OFFENSIVE

An intimate letter from the firing line "somewhere in Flanders" has been forwarded to E. C. Wright of this city, local branch chairman of the Military Training Camps Association. This organization is assisting British and Canadian subjects to enlist under their own flag to fight in our common cause against Germany. He has application blanks and full information and is working in co-operation with the British-Canadian Recruiting Mission. A great influx of British and Canadian recruits is now expected as the United States is working on an agreement to make them subject to the United States draft if they do not enlist under their own flag.

"The situation generally is just right for the British people, that is to say, fairly tough," said Major George W. MacLeod, D. S. O., Second in Command of the 49th Battalion Canadians, in a letter to Major A. Wallace Owen, Commanding Western Division, British-Canadian Recruiting Mission, which was sent to E. C. Wright by Major Owen. Major MacLeod and Major Owen served in the same battalion in France during the heaviest fighting which has been seen during the war. He went to France three years ago as a lieutenant and has seen continuous service, taking part in all the battles engaged in by the Canadians. His Distinguished Service Order was won at the battle of Courcellette in the Somme fighting and a bar has been added to the Distinguished Service Order for his action at Passchendaele.

The letter follows:
"Best of everything for Christmas and the New Year to you. Your letter of November 14 just arrived. No doubt by this time you will have received some dope on our northern trip (the battle of Passchendaele). Got some pounding, but as usual men were wonderful and did all that was expected. In officers are lost old Oliver Travers, Percy Belcher, Bish-

opeel, Rustoni, Stone, Van Patten killed, Bradburn, Tipson, McMurdo and a few more wounded, and 75 per cent of other ranks, so that you can see some time was had. However, the corps beat the Dutchmen to a frazzle on our front. We are back in the line just north of our old stamping ground.

"The situation generally is just the right kind for the British people, I. e., fairly tough. The German has had such a successful year trimming up Russia, Roumania and Italy that when his troops strike the western front they are full of ginger. However, we do our little best to prove to him that he still has the contemptible to deal with. Everyone is contemplating a big German offensive either against ourselves or the French. Personally, I think it will be the latter as there is little doubt but that they are counting on American assistance. If the German could give them a good pounding before the Americans are in sufficient strength to help stand the shock, there might possibly be a wave of pessimism develop that would be fatal. However, there never has been such close co-operation as exists at the present time between ourselves and the French and if Mr. Boche starts anything he may get the surprise of his life.

"We are all greatly pleased with the election results in Canada. Of course the men here voted solid for conscription. One is more proud every day to belong to this splendid corps of ours which, without any bragadocio is without a doubt the strongest fighting machine of its size in the world today.

"Everyone is very much pleased with the Americans over here. They are a splendid looking lot of men and officers and their manners and attitude leave nothing to be desired. Once they start in I think that the German will have some real fighting to handle.

"One is gradually beginning to realize the meaning of the expression a 'war of attrition'—with the enormous slaughter which has been in progress for over three years, the German and ourselves are beginning to show the strain—we see it in the type of men and officers as regards physique. Our training, of course, possibly counteracts to a certain extent this loss of physique, but I would not care to see the average unit today placed alongside its former self similarly with the rest of the belligerents. It is at this juncture that the Americans arrive and one is immediately struck with their appearance. The first million men from the U. S. A. should nearly be able to finish this war—provided they are not used in dribbles. Given a completely new army, say of two full corps or possibly three, in the spring and the end of the war should not be long postponed.

"I do not think that we are at the last ditch by a long manner of means. We have been in tight corners before and will, no doubt, fight our way out of the present one. He must finish the job this winter or he never will and all we can do is to meet the blow when it comes, or possibly anticipate that blow by one of our own. The German grand strategy has never been anything but simple. His tactics are different. His strategy has been simply to wear down the forces opposed to him until a stage is reached when he can attack. He pounds along the perfectly obvious plan of attempting to defeat the allies in detail. By strong holding tactics he confines the French and British to the one front. He then turns to the weaker allies. By a combination of intrigue and military power he balls Russia up. This involves automatically the rendering helpless of Roumania.

"With troops relieved from these fronts he attacks Italy—this last attempt being still in progress. His next attempt would be either the French or ourselves—and this can be done in the winter. For the next few months from his standpoint he need have little fear from Italy. He also knows probably better than we do the number of Americans now in France. He also knows that more are coming and that everyone that arrives makes it easier for the next one. So it is up to him to strike this winter. The French and Americans are strongly bound in sentiment. If by pounding the French before the Americans can help to any great extent, the French may suffer in morale—to an alarming extent.

"These courses are all open to him. What we do not know is his strength at the present time, also the internal conditions of the country. But from what we read he is in a position to strike and from his standpoint he must do it now, or never. So possibly before you get this letter something may have developed.

"So all we can do is to say, 'Let the battle commence.'
"With kind regards,
"Yours sincerely,
(Signed) "G. W. MacLeod."

**NIGHT PROWLERS
STALK FERTILIZER**
A woman residing in West Church street, telephoned the police department early this morning that some one had stolen a ton and a half of fertilizer out of her stable yard. She did not hear any unusual noises during the night but when she awoke this morning noticed the absence of the fertilizer and found the tracks of the wagon which had hauled it off. She appeared to Chief James Sheehan to assist in locating the thief and he has assigned two of his shrewdest patrolmen to take up the scent.

TO SELECT SUCCESSOR
OF LATE FRANK GOTCH.**
Associated Press Telegram.
New York, March 1.—Another elimination match in the effort to select a successor for Frank Gotch's heavyweight wrestling honors, will be staged here tonight when Joe Stecher and Wladek Zhyzsko meet in a limited mat bout. The conditions call for a contest limited to not more than two hours and the winner of the first fall will be declared the victor.

The winner of this bout is expected to meet Earl Caddock.

Dodd's Kidney Pills Relieve After 20 Years' Suffering

Mrs. James Dotz of Zanesville, O., is one of the thousands of people who in the past 40 years have been relieved of the agonies of kidney trouble by taking Dodd's Kidney Pills. Only recently we received an unsolicited letter from Mrs. Dotz, which reads as follows:
"For twenty long years I suffered with heart disease and bladder inflammation. I had frequent chills, cramps in the muscles and suffered from headache and backache. I was often dizzy and had flashes of light and floating specks before my eyes. I could get no help until I started to take Dodd's Kidney Pills. Then began to improve right away and six boxes of these pills completed the cure.
"My little boy also had kidney trouble and was cured by Dodd's Kidney Pills. I hope thousands of others, suffering as I have, hear of your wonderful remedy."

Mighty few people realize in time that kidney trouble is making its advances upon their health. They put off treatment—they say, "Oh, I'll be all right in a day or two." And the malady tightens its grip. Result: Bright's disease, hospital treatment, doctor's bills—often death.

PURSUE ALLEGED GRATERS

The government has done well to act promptly in pursuing men charged with stealing \$5,000,000 worth of army cloth. Whether or not these particular men are found guilty of this charge, there are plenty of vultures looking for chances to plunder. They need an instructive object lesson.

Great calamities bring out the noblest and the meanest in human nature. A great national emergency leads the majority of people to heights of sacrifice. They raise above their former petty selves. But some look at it merely as a chance to steal and rob.

At great fires and railroad disasters, there are always a few ghouls who will loot houses and pick pockets. It is pitiful that human nature will sink so low. War brings the same temptation to low minds. They think that when everyone is busy and preoccupied, they can play their little game. They will find that there are still officials whose business it is to look out for their case.

A FALSE REPORT.

Don't waste time and energy saving canceled postage stamps for the Red Cross. Somebody, somewhere, has started one of those pleasant but likely-to-be-annoying fictions concerning the value of postage stamps which have served their original purpose. This time the idea spread abroad is that the American Red Cross has devised a method of extracting the dyes from the canceled stamps and putting the dyes to practical use. There is nothing more in the scheme than a figment of someone's imagination; but the Post Office Department reports that several bags of old stamps have accumulated through the good will of persons who have thought they were doing something to help the war. Within the last two weeks, also, scores of letters have been received at Red Cross headquarters, from persons asking information regarding the matter.

The Red Cross wishes to advertise, as widely as possible, the absolute falsity of the report that used postage stamps have any value through the extraction of the dyes contained in them.

The farmer who complains because he can't get cars to transport his products, will probably be the same smart fellow that undertook to hold his stuff for higher prices.

Some of our people who celebrate German victories are the sons of the men who came to this country to escape from German military service.

The thousands of telegrams from the banks all strike one patriotic note, and the whole-hearted co-operation of banks and trust companies is assured the government "without stint or limit."

LET'S DROP "HIS BIT."

(Manufacturers' Record.)
As first used in England, "his bit" was intended to convey the impression of "his all," but the term "bit" as used in this country, rather minimizes the task before us. Men think of one doing "his bit" in a sense of smallness rather than in a sense of consecration of their all. Let's find some new expression—stronger, more emphatic, more all-embracing and yet not profane, which conveys the thought that we must do our utmost in this great world war.

EXPLORER AND LECTURER RAY AT HIGH SCHOOL AUDITORIUM TONIGHT

DR. G. WHITFIELD RAY, F. R. G. S.
THE Story of South America," as told by Dr. G. Whitfield Ray, the eminent explorer who spent fourteen years in the service of the Bolivian government, is one of the most interesting personal experience lectures now being given on the American platform. For several years Dr. Ray has been devoting his entire time to the platform, and his informative and illuminating talks on the southern continent, now prominently in the public eye by reason of the changed trade conditions growing out of the world war, have been generally commented upon by press and public as constituting a splendid contribution to the world while offerings of the platform. To hear Dr. Ray is to enjoy a personally conducted tour into little known sections of the world and to learn at first hand truths which seem stranger than fiction. While the lecture is full of facts, it is just as meaty with interesting incident and humorous description and provides a fine evening's entertainment. Many valuable curios are shown by the lecturer during the address. Dr. Ray is to be heard here soon as one of the attractions on the lyceum course.

Ohio War Board Says

Instead of meat, cheese, milk, eggs, nuts, peas, cereals, beans. The above appetizing dishes to take the place of meat. They give you a body building material and there are plenty of ways of cooking them.

The child to grow must have food that furnishes this kind of material. You need it too. Even if you are grown up, you must have it to re-ew parts of your body used up by work and exercise.

Don't think you have to eat meat to get this protein. These other foods have it, too. Take cottage cheese, for example. It is richer in this material than meat. You can eat a third of it with pleasure, and this third of a cup will give you as much of the protein as a quarter of a pound of sirloin steak—a good, generous serving. Or if you like baked beans, eat a cupful to give you the same amount of protein.

What Union Labor Thinks of Strike Weapon in War-Time

Two weeks ago striking carpenters in Eastern shipyards were recalled to their tasks only by a direct message from the White House, in which the President concluded his remarks by asking them, "will you cooperate or will you obstruct?"

For the benefit of our readers who may have been led to wonder whether labor really intends to cooperate or obstruct, we have asked the editors of many journals representing organized labor whether in their opinion disaffected labor in war industries should accept Government arbitration instead of striking.

The replies are published in this week's issue of THE LITERARY DIGEST—March 2d. While the minority which speaks for socialists and "working class" radicals insists that labor, in the words of the *Wheeling Majority*, "should never in war or peace give up its right to strike," other labor editors reflect a different opinion. For instance, the *Labor World* (Duluth) says that "No American workingmen who have any regard for their country and the great principles of human liberty and democracy which are at stake in this war, will do one act that will delay for a single moment the building of a ship or the production of an article needed to feed, clothe, or equip our boys in France or in training at home."

FAIRY TALES OF AMERICAN CITIES IN GERMAN PRESS

(Associated Press Telegram)
 New York, March 1.—German newspapers have informed their readers that New York City for its protection has girded itself with a barbed wire fence 625 miles in length. The Germans also have been told that 50,000 soldiers are guarding the port of New York, that rigorous measures have been taken in Chicago and elsewhere and that Hoboken is deserted. Under the caption: "American War Fever," the Cologne Gazette of January 16, a copy of which has been received in this city, publishes the following dispatch under an American date:

"It is reported from New York that a barbed wire fence of over 1000 kilometers in length has been drawn around the docks and piers of New York. This gigantic fence encircles the whole of New York also the adjoining cities of Brooklyn, Hoboken and Jersey City. No one is allowed to pass through this fence without permission—especially no enemy aliens.

"Fifty thousand soldiers have been detailed to guard the port terminals. Any person found loitering in the vicinity of the barbed wire fence is immediately shot. All Germans who either reside or work within the barbed wire zone must vacate the district immediately.

"In Chicago alone 23,000 Germans have been forced to move out of the harbor district. These rigorous regulations have caused great excitement among the business men of the entire country because they are compelled to do without their German employees if their places of business are near the docks. A delegation of master butchers has vainly pleaded to an alleviation of these regulations.

"The Germans who in Hoboken had built up a colony resembling a little piece of Germany have all been forced to leave and that port, which already has suffered heavily from the war is now deserted."

IRISH LEADER OPERATED ON.
 (Associated Press Telegram)
 London, March 1.—John Redmond, the Irish leader, was operated upon in London today. His condition is satisfactory.

On Tuesday evening, February 26, the Jolly Stitches banqueted their husbands at the home of Charles Frymire in Jacksonville. A war supper of two courses was served and the remainder of the evening was spent in playing games and a social good time.

The following members and guests were present: Messrs. and Mesdames E. V. Beard, L. E. Crow, J. F. Davis, Carl Fulk, Clyde Fulk, T. C. Jury, John Orr, L. E. Puffer, Mrs. O. H. Tavenor and daughter, Pauline; Mrs. C. B. Wolcott, Mrs. Glennie Lewis, Miss Sarah Swan and Georgia Osbourne, Mr. and Mrs. Frymire.

Horn-McLain.
 Mrs. Cassaranda McLain and Mr. Alvaro Horn-McLain, people residing near Johnston, were united in marriage Thursday afternoon by Dr. L. C. Sparks at his home on North Fifth street. At the conclusion of the ceremony they returned to Johnston where they will reside.

Mrs. Anna Klordan and Mrs. W. H. Sharp entertained with a dinner Wednesday evening at the Athletic club, Columbus. Guests included the visiting state officers of clubs and district chairmen. Among them were Mrs. Mary Proctor Wilson, Lebanon, head of the state press department, and Mrs. Ernest Johnson, Newark, former chairman of the northwest district. Covers were laid for 12.

The Hoover sale given by the Whatsoever Circle of the King's Daughter on Thursday afternoon and evening at the home of Mrs. W. H. Davis in Hudson avenue, was a delightful event socially and a success financially.

The entire Davis home was thrown open, and over one hundred visited the sale. An economy table was arranged where bazaar articles and needlework could be obtained. The white elephant table contained many articles and they were later auctioneered. The food table laden with homemade pastries and edibles was a great success and one of the merriest parts of the house was the fish pond, where for five cents one could obtain the veriest kind of non-senses. Sandwiches and coffee were served in the afternoon. Mrs. Harry Scott and Mrs. Wright Wyeth presided, while in the evening the luncheon was served by Miss Alice Ashbrook and Miss Viola Peil.

The amount realized was \$87 with but a small expense attached, and the circle is extremely elated and grateful over the success and for the response of the public.

An unusual co-incident featured the meeting of the Progressive club on Wednesday at the home of Mrs. Harry Gibson, when six ex-presidents of the club were found to be present. Among the former presiding officers were Mrs. George Stratton of Canton and Mrs. Edwin Doe of Columbus. Two interesting papers were given on the afternoon program. Mrs. F. M. B. Windie talking on "Children's Food Army" and Mrs. J. M. Mitchell spoke of "Military Training in the Schools."

WILL RECOMMEND A LESS STRINGENT CENSORSHIP RULES

An Atlantic Port, March 1.—Major General Peyton March, now chief of staff of the United States army arrived here today after nine months abroad as chief of artillery of the American expeditionary forces. He will go at once to Washington.

Describing the American troops in France as so well trained in modern warfare as to be able to handle themselves "with entire credit to the United States," General March said the censorship was "lamentable" and intimated he would advocate that the regulations in this respect be made less stringent so that the people in America might learn as much as possible about the activities of the expeditionary forces.

SHE COULD NOT STAND OR WORK

But Lydia E. Pinkham's Vegetable Compound Restored Her Health and Stopped Her Pains.

Portland, Ind.—"I had a displacement and suffered so badly from it that at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Vegetable Compound the credit."

—Mrs. JOSEPHINE KIMBLE, 925 West Race St., Portland, Ind.

Thousands of American women give this famous root and herb remedy the credit for health restored as did Mrs. Kimble.

For helpful suggestions in regard to such ailments women are asked to write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

OBITUARY

Mrs. Mary M. Miller.

Mrs. Mary M. Miller, widow of the late Lewis E. Miller died at her home, 27 Shields street, Friday morning, March 1st at 1:15 o'clock after an illness of nine months.

She was united in marriage to Lewis E. Miller December 19th, 1877, who preceded her to the grave seventeen years ago.

She leaves one son, Milton H., who is now somewhere in France, two daughters Hazel and Thelma of the home. She has been a life long member of the First M. E. church.

For a number of years after the death of Mr. Miller she followed nursing to which she was well adapted. Besides a host of friends she leaves one sister Mrs. Ella Lamp of near Reynoldsburg, three sisters-in-law, Mrs. Steif of this city, Mrs. Chas. D. Snider of Xenia, and Mrs. M. J. Miller of Columbus, two brother-in-laws J. N. Miller of Columbus and Hon. W. E. Miller of this city.

Funeral arrangements have not been made.

Dorothy K. Denelbeck.
 Dorothy Katharine, four year old daughter of Mr. and Mrs. G. I. Denelbeck, died at the home this morning at 2:30 o'clock. Besides her parents she is survived by one

sister, Margaret and one brother, Robert.

Funeral services will be held Monday morning at 10 o'clock from the home, 78 Manning street. Interment at Cedar Hill cemetery.

Funeral of R. W. Burris.

The funeral services of Reese W. Burris were conducted this morning at 10 o'clock at the First Methodist church. Rev. L. C. Sparks officiating. Interment was made in Cedar Hill cemetery.

Funeral of Mrs. John Lyons.

The funeral services of Mrs. John Lyons were held this afternoon at 1 o'clock at Smith's chapel, north of Hanover. Burial was made in the cemetery adjoining.

Death of Infant.

Rosella Lee, three month old daughter of Mr. and Mrs. Frank Garrison, 451 Park street, was found dead in bed this morning. The cause of the death is not known as the child was in the best of health last night.

Mrs. George Webber.

Mrs. George Webber, aged 50 years died at the city hospital Thursday morning at 2:30 o'clock from an operation. Mrs. Webber was born in Marietta, and has spent the last five years of her life in Newark. Her husband preceded her just a year ago last September. Those left to mourn are her children, Leonard Weber, of North Fourth street; Lucille and Anna, George and Arthur of the home. Also a brother, Geo.

Tomes of Lancaster, two sisters, Mrs. Leo Hubert of Lancaster and Mrs. Arnold Neader of Marietta.

Everyone who knew Mrs. Weber will always remember her as a kind and sweet natured woman, one who has always taken an interest in her children and the home. In her passing, the community has lost a good neighbor, and a good mother. Funeral services will be held at St. Francis de Sales church Saturday morning at 9 o'clock. Burial at Mt. Calvary cemetery.

Mrs. B. M. Redman.

Mrs. Gladys Cecil Redman, aged twenty-five, wife of Burt M. Redman, died at the home, 93 South Fourth street, Thursday night at 10:30 o'clock. She is survived by her husband and three children, Joseph M., Ray H. and Blanche. Funeral services will be held Saturday afternoon at 2 o'clock from the East Main street U. B. church, Rev. A. B. Cox officiating. Interment in Cedar Hill cemetery.

GERMANS SENTENCE BELGIAN SOCIALIST SENATORS TO DEATH

Amsterdam, March 1.—A German court martial at Antwerp has condemned to death for espionage the Belgian Socialist Senators Colleaux and Legras, according to the Het Volk. Pieter Troelstra, the Dutch socialist leader has telegraphed to Philipp Scheidmann, the German majority socialist leader, appealing to him to use his information to prevent execution of the sentence.

FAMOUS BIRKS TO USE ALLEYS THIS EVENING

[ASSOCIATED PRESS TELEGRAM]
Cincinnati, March 1.—The Birk Brothers team of Chicago, winners of the tournament at Grand Rapids last year, with 3,961, the record score for five-men teams, will be the chief attraction at the tournament of the American Bowling Congress here tonight. The Birk Brothers will have the same lineup as last year. Thirteen other Chicago teams will bowl with them on the second shift, as will a team from Cleveland and another from Toledo.

On the first shift Cedarburg, Wis., Beloit, Wis., Port Washington, Wis., Kalamazoo, Mich., Indianapolis, Ind., Columbus and Cleveland, will be in action.

The bowling yesterday and last night was relatively poor, only four changes being made in the standing of the ten leaders. These changes were in the doubles and five-men teams events.

In the doubles B. Allen and J. Bauer of Detroit bowled 1216, which gave them ninth place in that first ten in that class.

In the five men teams event the Shymanski and Sons team of Louisville, Ky., bowled high with 2,861 for fourth place. The Bill Slack Sheriff's 6-2 team of Columbus rolled next highest with 2,852 for eighth position, displacing the Lincoln Life Insurance company team of St. Wayne, who earlier in the evening had come into eighth place by making 2841 pins. The standing in the five-men teams, two-men events and singles follow:

SPLENDID PROGRAM GIVEN BY PUPILS HARTZLER SCHOOL

A delightful entertainment was given on Tuesday evening at the Baptist chapel on Pataskala street by the Hartzler school. The entire program was patriotic in character and showed not only a high ideal of patriotism and an intelligent understanding of the needs of our country at the present time, but also the fine skill of the teachers who did the training.

A special feature was a pageant, "Uncle Sam and His Helpers," written by Miss Elizabeth Watkins, and given by the little folks of her school. Uncle Sam calls for volunteers to help in the present war and his call is responded to by "Mother Goose" characters. Jack Sprague and his wife will help in conservation by one eating the fat and the other the lean; Little Miss Muffett, by sharing her curds and whey; Bob Ditch, who will still raise her sheep to give the wool so much needed in making good warm clothing for our soldier boys; Jack Horner, who waits his selfishness in eating the pie and promises to eat no more; Little Boy Blue is very pert because he slept at his post and permitted the cows to destroy the corn. The pageant reflected much honor on both the writer and the children.

Another very fine number was the singing of a war hymn by little Izella Phoenix. The child has an exceptionally fine voice—one that retains all the sweetness and melody of a child's voice and yet has the fullness and accuracy of tone of a trained singer.

Miss Lillian McNeely gave two humorous readings, which were enjoyed by all.

Each number on the program was worthy of special mention.

The entertainment was repeated last evening at the same place. The small admission fee asked will be used for the purchase of a Victrola for the school.

MOTOR TRUCKS USED IN ESTABLISHMENT OF PARCEL POST SERVICE

Parcel post service by motor trucks between Columbus and Zanesville became an actuality Wednesday when the first truck was driven through from Columbus over the National Pike in charge of Postmaster S. A. Kinnear of Columbus.

Beginning Monday regular round trips will be made each day and should the farmers and consumers patronize the service freely as a direct means for transporting their produce to the consumers, another truck will probably be placed in service soon.

The trucks will stop at any farm house for a shipment, which will then be transported to the postoffice at its destination. As soon as roads are improved other routes will be established connecting Columbus with all the principle cities of the state.

As a means of stimulating the movement of farm products to the consumers, Postmaster General Burleson increased the weight of parcel post packages from 50 to 70 pounds.

SPLENDID SERMON AT WEST SIDE CHURCH

The "Conversion and Apostleship of Paul," was the subject of the Rev. Kellogg's discussion at the West Side Church of Christ last night. It was a splendid sermon and many more should have heard it. Mrs. Keller sang beautifully. "Nobody Told Me of Jesus." There was one confession at the close of the service. There will be a men's meeting Sunday at 2:30 p. m. Come and help to make it a great meeting. Tonight at 7:15 Rev. Kellogg will speak on the theme, "A Good Man's Benediction." Special music by Rev. Carmen of the Central Church of Christ. Everybody invited.

Frank Temple With the Army in France

An interesting letter has been sent home by Private Frank E. M. Temple, member of Company B 166th Infantry A. E. F. It was written January 7 to his mother, Mrs. Amanda

PRIVATE FRANK E. M. TEMPLE.
Member Company B, 166th Infantry
A. E. F.

Temple, 55 1-2 South Fifth street, and asks where she spent Christmas, and then continues as follows: "I had a nice Christmas. We had turkey and lots of other things. It is raining here but I suppose it is cold in the States. Did Ohio go dry or wet, we heard over here it went dry. Write and tell how it came out. I received your Christmas gift, and from Maude, Park, Irvin and Velma and they sure look good for it is hard to get such things over here in France. I also received a box from Aunt Myrtle, and it had Camel cigarettes, candy, gum and a pair of wristlets. I have written to her several times and to you also, but I have had no answer.

There is not much we are allowed to write about but will do better the next time. With love, from your son, Frank.

Enjoy a DAVENPORT ON OUR CLUB PLAN

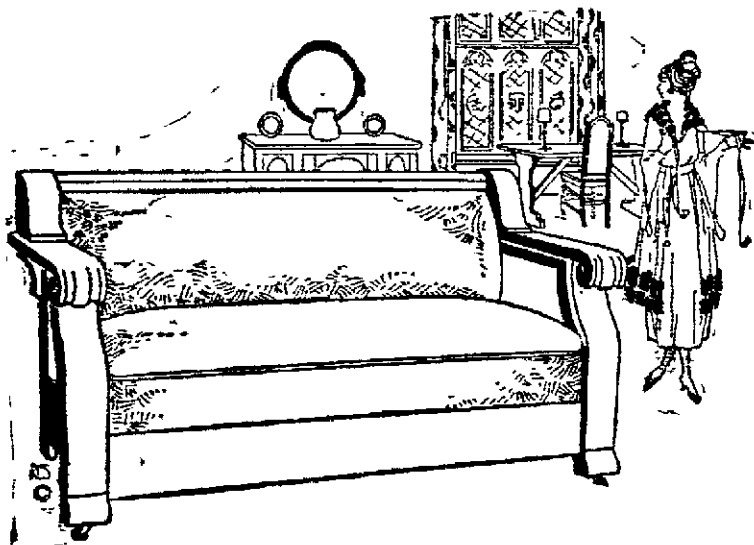

Ask the housekeeper of any home that contains a Davenport and she will probably tell you that it is the most highly thought of piece of furniture that they own. Our own investigations have proved this to be a fact, so for the benefit of our many present and prospective customers who are not so fortunate as to own a Davenport this remarkable Club offer is made.

Every Home Needs a Davenport
It is the only piece of furniture which is useful 24 hours of the day. We are doing everything possible so that you can have one immediately—all you have to do is to come and make your selection.

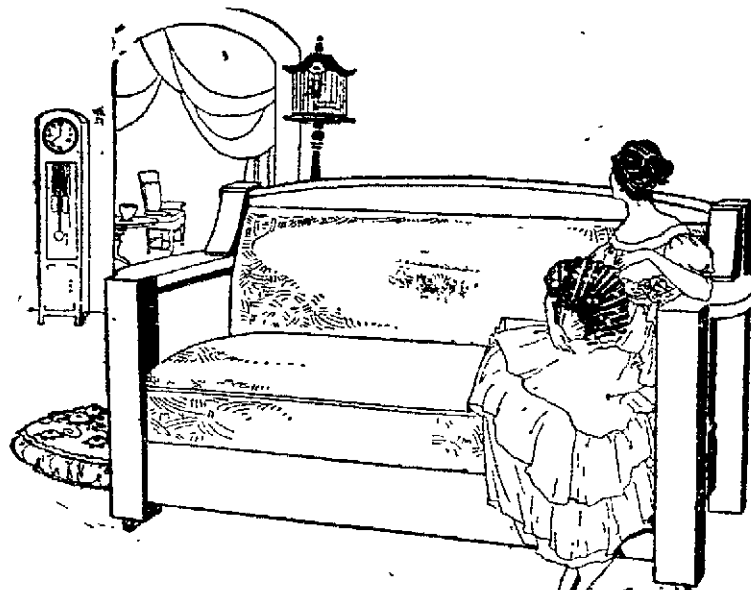

Our Davenport Club idea is simply a development of modern co-operation—we can buy in large quantities and sell at lower prices because so many customers will take immediate advantage of this offer. You get an extra fine Davenport at an extra low price, and have the privilege of paying for it in small weekly or monthly amounts.

**Club Members Can Buy \$45.00
This Davenport at**

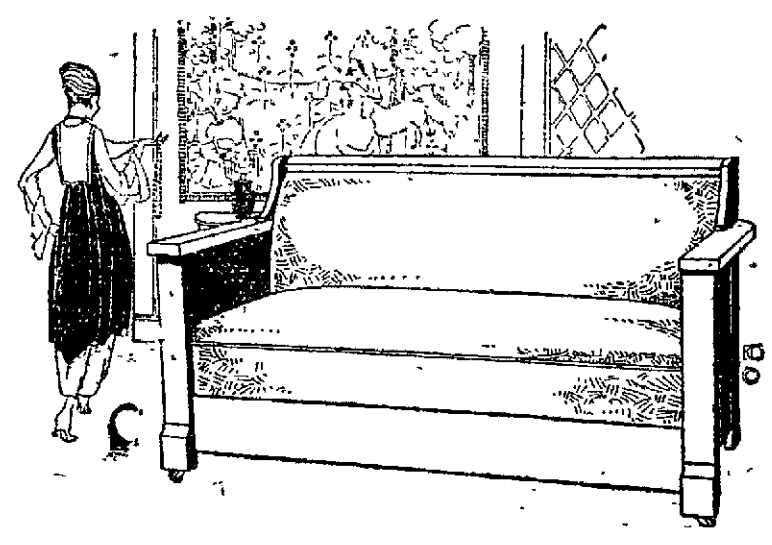

If you have not already joined our Davenport Club—do it now, and obtain an extra fine, broad, full length Davenport, which will allow you to stretch out to full extent and rest in "solid comfort." As a bed it holds a 35-lb. mattress. As a Davenport, its frame is massive; handsomely upholstered in leatherette, with oak finish, as pictured, except the front post is straight and arms are plain instead of grooved.

**A Bed By Night--A
Davenport By Day \$48.75**

You really secure two necessary articles of furniture in one when you become a member of our Davenport Club and purchase this splendid piece of furniture. As a Davenport it can be placed in almost any room of your home. It takes but an instant to convert it into a full size bed. It carries a 35-lb. mattress and is upholstered in leatherette and finished in fumed oak.

**Investigate Our Club
Plan--This Davenport \$35.00**

This Davenport fulfills every requirement that can be asked of a piece of furniture. In your library it will fill that long desired want; it will guarantee real service and comfort as a bed in any room. You will make no mistake by becoming a member of our Davenport Club and adding this creditable piece of furniture to your home. It can be had in oak or mahogany finish.

AT ONCE! STOPS STOMACH MISERY AND INDIGESTION

**"Pape's Diapepsin" Makes Sick,
Sour, Gassy Stomachs
Feel Fine.**

Do some foods you eat hit back—taste good, but work badly; ferment into acids and cause a sick, sour gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin helps neutralize the excessive acids in the stomach so your food won't sour and upset you. There never was anything so safe, quick, so certainly effective. No difference how badly your stomach is upset, you usually get happy relief in five minutes, but what pleases you most is that it helps to regulate your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is positive in neutralizing the acidity, so the misery won't come back very quickly. You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no cratulations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder due to acid fermentation.

FRANK RENZ SENDS LETTER FROM FRANCE

Frank Renz, who is in the Rambeau division in France and who is well known in Newark, sends a letter written, January 29, to his mother, Mrs. Lorenz Renz, reading as follows:

Dear Mother:—Well this is Sunday and I thought I would write you another letter. Have received the

other box with helmet and things. Just got it the other day. Say that cake was sure fine. You can send me some more just like it if you want to. Thanks to all for the presents. Next time you send anything put in some talcum powder and a couple cans of mentholatum. That is so good for colds. The weather is fine just now, but don't know how long it will last. Just like spring. Say, but we sure did have some cold weather here this month. Had plenty of clothes but our feet were always wet and cold. We just finished a hundred mile hike, and it sure was some hike. Believe me soldiering in the U. S. is just like paradise to what this is over here. I thought it was hard on the border, but it can't come up with this. Have a fine place to stay now, also have a fire place to sit around and get warm. The first one though since we have been in this country. There is only one thing that bothers us boys and that's crumbs or lice and we sure have lots of em. We are just like a bunch of monkeys hunting for lice all the time. Bob Hull, Plotner and all of the rest of the boys are feeling fine. I don't see why Mrs. Plotner doesn't hear from Don. He says he writes. The mail must be delayed somewhere. By the way things look like we will get our turn in the trenches before long. Would like to tell you more about things but will have to wait until we get home. This picture you sent me in the paper looks just like me. Don't remember of ever having it taken, but I guess it is our company. You asked if I heard from Mr. Hughes and Mrs. Whitaker. I haven't yet. Would like to go to Paris but no one is allowed in that city any more. I mean American soldiers. It is changed I sure will go and see these people. Well, I guess I will close for this time as I can't think of any more to write. If any of this is cut out you will know the censors did it. "Oh, yes, it will be all right to send postoffice orders over here. Well, mother, don't worry about me for I will be all right. Give my love to all at home.

From your boy,
FRANK.

LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

Hurry, Mother! Remove poisons from little stomach, liver, bowels.

Give "California Syrup of Figs" at once if bilious or constipated.

coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle thorough cleansing at once.

When peevish, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad, has stomachache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by the "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.

Enthusiasm is generally a sensation inspired by things we don't have to do.

AMUSEMENTS

GRAND
Sunday.

With a company of more than 500 people and settings that are said to surpass in magnificence any yet

brought to the screen, Olive Thomas, the noted "Follies" beauty and Hadrian Fisher girl, will appear in the Triangle play, "An Even Break," at the Grand theatre Sunday.

Through scenes of riotous splendor the vivacious star trips her way in costumes that only a "Follies" beauty can wear. She also dances in that spontaneous, individual manner that

made her the favorite of Broadway during the past three seasons.

The story runs parallel with Miss Thomas' own career. It concerns a girl in a small town who goes to New York and travels the footlight trail to fame. Although this is a "silent" drama, it photographs so effectively the choruses, dancers and big jazz bands, as if she had appeared in a feature that it might be called a gigantic musical comedy on canvas.

Charles Gunn, Margaret Thompson, Darrell Koss, Charles French, J. Frank Burke, and Louis Durham support Miss Thomas. The play was written and directed by Lambert Hillyer.

AUDITORIUM.
Stella Maris tonight.
Marshall Neilan is one of the young stars in the directing field, although an "old-timer" in pictures. At twenty-six he is directing the most popular girl actress in the world—Mary Pickford, whose "Stella Maris" is on view now at the Auditorium theatre.

And we have it on studio authority that Marshall—they call him "Mickey" on the lot—does the directing, too, not Made "Hebe" of Sunnybrook Farm was adapted to the screen by "Mickey." It was an accomplishment. "Stella Maris" is the type of photoplay which depends upon the director for its life. Thanks to "Mickey's" touch this picture is a living, pulsing thing.

One of the youngest directors was asked to give the recipe for success. He replied: "Just kid 'em along," meaning the players. But so much for Miss Weber and "Mickey." We shouldn't forget that Ethel Clayton, Bill Hart, Geraldine Farrar, Mary Garden and Boy Stewart are back with us in interesting entertainments.

"The Spy."
If you want a genuine thrill and a real good time, you must go to the Auditorium next Monday where Dustin Farnum will be seen in a two days' run in his newest William Fox production, "The Spy."

The intricacies of diplomacy just before the American declaration of war are exposed to the public in a manner which is at once easy to grasp and interesting to watch. With every foot of film comes a new thrill or laugh that warms the rookeries of your heart.

Dustin Farnum portrays a young American "society" guy, who goes to Germany on a perilous diplomatic mission. His task is to get control of a list of Teutonic spies in the United States, and before he quits he has achieved his purpose.

There is a love story in this picture which combines admirably with the heroic theme of the story. A young girl, who has been a criminal in America, is sent back to her home in Germany at the first threat of war. She meets Quintance, the role which Dustin Farnum takes.

In the end she proves her allegiance to the United States by carrying the list of spies to the American ambassador.

Smilage.
Manager Fenberg has been besieged with requests asking, "What are these Smilage Books we are reading about?" Smilage, as everybody ought to know by now, is the name of those books of twenty coupons which anybody with a dollar may send to any soldier in any of the National Army cantonments or any of the National Guard camps. The soldier uses these coupons to pay the nominal admission fee to the Liberty theatre, which has been built in each cantonment or the Liberty auditorium which has been provided in each camp.

For from one to five coupons he will see anything from a moving picture film to a Shakespearean play with Maude Adams in the title role. All the amusement interests in this country have combined to provide for our soldiers entertainment that is entertaining. The books are put out in \$1.00 and \$5.00 sizes. The dollar books contain 20 coupons and the \$5.00 books 100 coupons. They are on sale at the Auditorium and at the (or she) can send these Smilage books to their sweethearts, brothers, son or etc.

Auditorium Notes.
Wallace Reid, a favorite with picture fans in Newark, comes to the Auditorium on next Wednesday in "Rimrock Jones" by Dané Coolidge. This is a Paramount feature in which a strong cast of Paramount-Lasky players are seen.

Large crowds saw Mary Pickford in "Stella Maris" at the Auditorium on Tuesday night. She has a tremendous drawing power with the public, especially in Newark, and her popularity is doubled in this production, as her interpretation of two separate and distinct parts, each one of stellar proportions, presents her artistry as effectively as if she had appeared in two different photo-plays. The supporting cast is exceptionally strong, headed by Conway Tearle, a popular favorite.

Charles Murray, starring in Irish roles in the Paramount-Sennett comedies, is gaining a reputation as a writer that is likely to make him famous some day. His articles are already in great demand among papers and magazines. Recently he had a hurried call from a magazine for a special article. Also the director had a similar demand upon his time. So he wrote the article on the spot of scene production. He accomplished the climax straddling a chair with the back of a stage hand as his desk.

The two-reel laughable Sunshine comedy, "The Son of a Gun," is seen today for the last time together with Stella Maris. To morrow as an added feature together with Mary Pickford, The Hearst-Pathe News, full of latest world happenings.

"The Conqueror," with William Farnum, a story telling of the life of Sam Houston—depicting the adventures and romance of this pioneer—will soon be seen in Newark at the Auditorium.

The Rioli theatre, New York City (a million dollar palace), was opened with "A Modern Musketeer" in starring Douglas Fairbanks. This wonderful feature comes to the Auditorium next week. It's an Artcraft Noughsht.

ELBERT HUBBARD ENDORSED CHIROPRACTIC
Elbert Hubbard investigated Chiropractic, and took Chiropractic adjustments personally. He says:
"Above all things, a good Chiropractor has faith in Nature. He does not make his proud boast that he cures people. He knows it is Nature that heals. All the Chiropractor can do is to put his patients in line with the healing forces of Nature. Chiropractic never brings an adverse result. Chiropractors are not DOCTORS OF MEDICINE. From them we get a science which is adding greatly to the welfare and happiness and the well being of the world."

At The Auditorium

Manager Fenberg gives this free matinee just to boost the sale of War Savings Stamps. While admission to see this great picture is free, everybody who is admitted from 1 to 5 p. m. is asked to buy a 25c. Thrift Stamp at the Auditorium. Buying it elsewhere doesn't count.

War Stamps grow more valuable every month. They are tax free. Uncle Sam will pay your money back with interest whenever you want it. Pretty fair offer, isn't it? Pretty safe investment, isn't it? Buying War Stamps not only helps to win the war, but it helps the buyer by teaching him the great value of saving. By buying stamps you lay money up for rainy weather and help Uncle Sam at the same time.

Go to the Auditorium, 1 to 5, tomorrow. Free admission. Just buy a 25c. War Stamp from Mr. Fenberg; that's all.

Asks Divorce.
A petition was filed Thursday in probate court by Inez Weakley against Everett Weakley. They were married September 9, 1916, and are the parents of one child, aged 10 months. The plaintiff says that the defendant has practically refused to provide the necessities of life since their marriage and since the birth of the child has refused to support both the defendant and child. Plaintiff also alleges that the defendant has been intimate with another woman. Plaintiff prays that she be granted a divorce, care and custody of the child and permanent alimony.

Marriage Licenses.
Alvaro Horn, farmer, Liberty township and Mrs. Cassandra McClain, Johnstown, O. Rev. L. C. Sparks named to officiate.

Common Pleas Court.
In common pleas court on Friday the court heard the evidence of the witnesses in the case of H. H. Edmund vs. Mary J. Boring, et al. The suit is brought to compel the specific performance of an agreement for the sale of real estate. Plaintiff asks that defendants be decreed by the court to convey to plaintiff by a general warranty deed the farm which he says the Boring agreed, in writing, to convey.

After hearing the testimony, the court took the case under advisement.

Hearing Postponed.
The Croton ditch hearing was postponed yesterday until March 7 in order to give the commissioners time to circulate a petition regarding the changes wanted in the original petition. This is being done so that when the time comes to make the assessment there will be no cause for anyone to object to the same.

THE COURTS

Justice Horton's Court.
The case of J. D. Keeley vs. Joseph Petrilli was heard by jury trial yesterday afternoon in Justice Horton's court, and a verdict was rendered in favor of the plaintiff in the sum of \$25. The defendant was sued for a judgment for labor and material in the sum of \$43.37.

Committed to Children's Home.
The two Rice children, William, 10, and Catharine, 8, were ordered to be placed in the Children's home yesterday afternoon by Judge Hunter in Juvenile court. They are the children of John and Annie Rice, divorced, and neither is capable of rearing the children. There is another daughter, Mary, aged 2, who was to have been brought into court but on account of sickness she could not be moved and the mother was ordered by the judge to bring her before him as soon as she recovered. Mary will probably be committed to the home with the other children.

The Customer Must Learn To Buy This Spring

Like the merchant. For over 50 years the merchant has been taking in his merchandise somewhere near to the time he would need it. But today in order to get the lowest prices and get the right goods we are obliged to take them months in advance of the time we will need them. Some customers have realized this and we are having a few who are buying their entire spring and summer wants of all fabrics now. They will be away ahead by following this method. All cottons, all gingham, all white goods, all outings, all silks, all dress goods, all draperies and all rugs had better by all means be bought the first opportunity. We only meet a demand and must pay the market prices. The market prices of six months ago when these goods were bought enables us to offer our early goods to you at lower prices than those that will come in later. So buy now.

WERE FRIENDS OF DENTIST TO GERMAN KAISER

Mr. and Mrs. Gerard Besanceney of this city are former acquaintances and friends of Dr. A. N. Davis, who has spent the past fifteen years in Berlin, the capital of Germany and among whose patients was Emperor William. Mr. and Mrs. Besanceney's home was in Piqua and with Dr. Davis, they were boys and girls together there. The Besanceney's left Piqua about 15 years ago and Dr. Davis left a few years before they did.

Dr. Davis on his return from Berlin a month ago, gave the following interesting story:

"The German Press is carefully and adroitly continuing to foster the idea among the German people that America is not really in earnest about the war.

"Every effort is being made to belittle America—even the highest officials are attempting to convey the impression that Germany has little to fear from the United States. Practically nothing is printed concerning America except the president's addresses on war aims and the possible basis of a permanent peace.

Even these are treated by the papers as if the president were speaking as a sort of detached person whose interest was the welfare of the world; not with the idea that they represent the earnest determination of the American people to see the war through to a successful conclusion.

"Not until Germany begins to feel the military pressure of the United States will the people realize the new conditions that confront them. Then, I predict, the fostered enmity toward England will be as nothing to the hatred that will be poured out by the inspired press against America.

"The American business men who took advantage of the nine months' treaty between the United States and Germany to wind up business affairs as far as possible, were kept under the closest surveillance by the police at all times and were not permitted to leave the city without special permits. To go to a race meeting 10 miles out of Berlin it is necessary to apply for a permit at least a month in advance.

"The thing that has impressed me most since my return to America is the freedom we accord to German subjects over here. It seems to me as if no restrictions were placed upon them whatever. In Germany every time some new regulation was adopted regarding the Americans the excuse was given that the United States was treating Germans harshly and there must be some retaliation. You can imagine my surprise to get home and find German subjects free to travel about the country at will, just so they do not actually go within a given distance of certain establishments.

"And this, too, in the face of the fact that not since the war started has a single over-act been charged against an American in Germany, whereas here in the United States we have had to put up with all sorts of admitted crimes by German residents. I have inquired as to this leniency toward Germans in the United States, and have been told that the country is too big and there are too many Germans here to make it feasible to adopt the restrictive measures in force in Germany. I can assure you the German government would not be deterred by the size of the task. The German people themselves are restricted in their movements, and no person is allowed to travel without a special identification pass, which may be demanded as many as five times during a short journey.

"The slightest little thing will result in a curtailment of an American's privilege. A friend of mine criticized mildly an article in a Berlin paper. He thought only friends were about. Next day he was sent for, admonished and required to report to the police twice daily and to remain in his quarters from 8 o'clock in the evening until 6 in the morning—virtual confinement. The most privileged Americans must report to the Berlin police twice weekly and have their papers stamped. These papers show just what the bearer of them is permitted to do, what house he must keep, and where he is permitted to go.

"There are not half a dozen Americans in Berlin who are not anxious to get home. Many of them are having trouble to get permission I first applied to leave last August, but was refused. Some time later I managed to obtain a permit for my wife and child, and they came to America long before I was permitted to leave. I had asked my mind I was to be kept in Germany for the duration of the war, when I received word my request had been granted. I did not take the risk of informing even my closest friends that I was leaving. I was afraid up to the last minute that something might be said against me, some anonymous letter might reach the police and result in a revocation of my permit.

"The story that I traveled on a special pass signed by the Kaiser is wrong. I had the same police authority granted to every other American who has left within the past few months. And, like those other Americans, I did not feel happy until I landed here in New York, where I intend to remain.

Dr. Davis said a German offensive in the west had been freely talked about in Berlin since last November. "Many people have suggested to me that if Germany really intended an offensive, she would not be talking about it so much," he explained.

"That is a wrong theory. We heard about the Italian offensive for months before it began. The stories got around in the same way, and I am convinced Germany intends to strike several hard blows, even if she does not have an idea of definitely breaking the Allied line.

"The food supply is critical in Berlin and Hamburg, but in the less congested districts all reports say there is comparatively plenty. The

difficulties are in many cases those of transportation and restrictions against transporting food from one province, or state, into another.

"On some of the big German farms where Russian prisoners are employed these prisoners are being fed, on three quarts of milk a day, among other things. Yet there are children dying in Berlin for want of a little milk. So you see the difficulties of

food distribution even in highly organized Germany.

"Americans need not be surprised that they have had to face some of these difficulties. We will get over them quicker than Germany has done. My own food supply was happily increased by Ambassador and Mrs. Gerard who turned over to me a large share of the stores they had accumulated, including several barrels of flour, soap, oil sugar, etc. I

feel I owe them a deep debt of gratitude.

"The real Americans who were compelled to remain in Germany for a time after the war was declared did not lose one ounce of their Americanism. They submitted without murmur or complaint to every restriction that was placed upon them and only bided the time that they could safely and legitimately get away. Many of them have to

make big personal sacrifices, of course, but they did not cheerfully and loyally, and have come back to America with an even keener appreciation of patriotism than most of those who have not been abroad."

A Fair Exchange. Jones—Did you get that mining stock at a bargain? Brown—Yes; I gave other mining stock for it.—Boston Globe.
